Recognizing all veterans who have honorably served.

Waterford Township Veterans Memorial

A committee of volunteers chose a design for a Veterans Memorial which has been constructed in Waterford Township. The memorial honors all honorably discharged veterans and the military branches in which they served. Donations of money, materials, and labor are needed to successfully continue this project. No tax dollars have been used in the construction of the memorial. This project is totally supported by community donations.

The memorial is located on the Civic Center Campus, between the Public Library and Crescent Hills Cemetery and will be maintained by the Township. The committee appreciates the support of the community and local businesses as we continue this important task. Check our web site for upcoming fundraisers and events.
